20.	SOCAR Polymer Farid Jafarov Executive Director	SOCAR Polymer is one of SOCAR's major projects in the processing industry. It was established in 2013 in order to expedite the development of the country's chemical industry. The SOCAR Polymer investment project is the first of its nature and scale, and is currently building two plants in the Sumgayit Chemical Industrial Park, in order to produce 180,000 t of polypropylene (PP) starting from the 1 st quarter of 2018 and 120,000 t of high density polyethylene (HDPE) starting from the 3 rd quarter of 2018. The project's main objective is to replace the import and increase the export potential of the country. 30% of the production output will be directed towards the local market; the remaining 70% will be exported to Turkey and other European markets. The total investment cost of the SOCAR Polymer project is around \$750 million. SOCAR Polymer is the first project in Azerbaijan implemented on the basis of a non-recourse project financing principle, without a guarantee of the parent company. In order to execute the project, SOCAR Polymer has engaged an Italian engineering company, Tecnimont as an EPC contractor. Another leading engineering company, Fluor, was attracted as a PMC contractor to supervise EPC contractor's activity.	1/3 Nizami Street, Sapphire Plaza, 13 floor Tel: +994 12 599 08 30 Fax: +994 12 497 04 36 E-mail: smammadova@socarpolymer.az
