Regional Investor Assistance Centres (COI)

They are partners of the Polish Information and Foreign Investment Agency (PAliIZ) at the regional level. The Centres provide consultancy and information services for business entities considering investment projects in a particular area. COIs also provide dedicated service and investment guidance, including post-investment support within the voivodeship where the project is located. The network of COIs has been created in conjunction with the Marshals of Voivodeships who are statutorily responsible for economic promotion of the region.

Regional Development Agency (ARR)

The Agencies provide consultancy and advisory services, identify the needs of businesses, define the nature and scope of assistance required, and determine available support instruments. They provide information on current subsidy programmes and eligibility requirements, promote programmes addressed to businesses, collect and evaluate applications for subsidies and forward them to the Polish Agency for Enterprise Development (PARP).
