

ENRICH Tour (Healthcare), April 8th – 13th, 2019, Beijing and Wuxi, China

Business Visits, April 11th, Wuxi

1 Wuxi App Tec

<http://www.wuxiapptec.com/>

WuXi AppTec Group is a leading global pharmaceutical, medical device open-access capability and technology platform company with global operations. As an innovation-driven and customer-focused company, WuXi AppTec Group provides a broad and integrated portfolio of services to help worldwide customers and partners:

- Shorten the discovery and development time
- Lower the cost of drug and medical device R&D through cost-effective and efficient solutions

With its industry-leading capabilities in small molecule R&D and manufacturing, cell therapy and gene therapy R&D and manufacturing, and medical device testing, WuXi platform is enabling more than 3,000 innovative collaborators from more than 30 countries to bring innovative healthcare products to patients, and to fulfill WuXi AppTec Group's dream that "every drug can be made and every disease can be treated."

2 Origene Technology

<https://www.origene.com/>

OriGene Technologies was founded as a research tool company focused on the creation of the large commercial collection of full-length human cDNAs in a standard expression vector. The availability of the complete human genome sequence and the subsequent development of genome-based tools have enabled the identification of relevant drug targets through system biology approaches.

The visions of OriGene are to prepare

- Comprehensive
- Genome wide research tools
- Technology platforms

To enable scientists to study complete biological pathways, thus enabling a better understanding of disease mechanisms including cancer and stem cell research.

OriGene Technologies uses high-throughput, genome wide approach to develop products for

- Pharmaceutical
- Biotechnology
- Academic research

3 Boyalife Group

<http://www.boyalifegroup.com>

Boyalife Group founded in 2009 as the International Consortium of Stem Cell Research (INCOSC), Boyalife Group is a privately-held global biopharmaceutical holding company with 30 subsidiaries and affiliated companies operating in three distinct business segments:

1. Cellular processing and biobanking for regenerative medicine, CAR-T and other emerging immunotherapies
2. Genomics
3. Drug discovery

The mission of Boyalife Group

To develop cutting-edge biotechnology that ultimately improves human health.
