

A LEADING EXHIBITION ORGANIZING COMPANY IN  
**INDIA&ABROAD**

With a humble beginning in 1997 and a strong desire to be the best in the business, today **K AND D COMMUNICATION LIMITED (KDCL)** has earned its name as India's leading exhibition organizer with a tremendous success story.

## The Forerunner in Providing Turnkey Exhibition Solutions

Through committed endeavor and a no-compromise attitude to quality, KDCL is on a drive to expand the scope of exhibitions - to expand to truly global platforms. The company offers an ideal launchpad for new ideas, products and services, conducive platforms for forging joint ventures and collaborations and open marketplaces to source ideal solutions. In sum, KDCL is opening the doorway to the global market place.

Through its worldwide networking, pre-emptive planning and execution, collaborative team work, intelligent space management and meticulous control of macro and micro level logistics, the group ensures that every participant gains from such platforms. The extraordinary care that goes into every aspect of the event & the gains that participating companies have garnered in real terms have made **K AND D COMMUNICATION LIMITED** a permanent name in corporate calendars of hundreds of companies across India and abroad.

# Rising Milestones

## a journey towards excellence

As the time goes by, we keep adding newer shinier and more vibrant feathers of success and glory to our hat. It has been nothing short of a marvel to pull off such tremendous saga of excellence and perseverance in our humble walk. Carving newer milestones and redefining the essence of achievements with every project we get through, we have made it a habit to surpass & outperform each of our achievements.

As a result of the above, we have executed a series of exhibitions spread across diverse sectors with every passing year. Be it, **Machine Tools, Engineering, Electricity, Telecommunications, Information Technology, Pharma, Power, Defence, Forging, Casting, Foundry, Fasteners, Textiles or Plastics.**

## Our Prodigious Achievements

- Over 60 Exhibitions, Trade Shows, Summits & Conferences in 20 years
- A client database of more than 5000 companies from all over the world and recorded visitors over 50,00,000 from the exhibitions
- Exhibitions spread across various sectors of Machine Tools, Engineering, Forging, Plastics, Telecommunications, Information, Technology, Textiles, Pharma, Electricity, Agriculture, Ayurveda, Power and Women Entrepreneurship
- Valuable associations with International organizations like **Hannover Milano Fairs India Pvt Ltd (Germany), JETRO (Japan) , UK India (UK), TAITRA (Taiwan), KOTRA (Korea), Turkey, Kenya Association of Manufacturers (Kenya), Government of Holland, Government of Canada, Italy, Australia, Indo African chamber of Commerce, Plastics & Rubber Institute (Srilanka), CCPIT (China)** & many other renowned international organizations
- An ITPO Recognised & The First ISO Certified Event Organising Company
- First ever Trade Fair and Exhibition Organizer Company to get ISO 9001:2000 Quality Management System Certification in India.
- Conceptualised and constructed India's largest, modern and state of the art exhibition venue at Gandhinagar of 1,25,000 sq. mts. area
- Organized the country's largest trade show, Vibrant Gujarat Global Trade Summit & Show for three consecutive times.

# ORGANISING

EXHIBITIONS RECOGNIZED GLOBALLY

KDCL has coined its name in the industry with its two most successful brands ENGIMACH and IMTOS. With large national & international participation, the company holds a vast portfolio of technology Exhibition Brands. KDCL today is a name that has become synonymous with large scale trade fairs in India. With a dedicated expert team, professional approach and an integrity driven corporate philosophy, the company has managed to become the top ranking company in the exhibition industry. KDCL ensures that no stone is left unturned to project India as a strong technology hub and to promote more business in India through various exhibition properties. KDCL is looking to organise many innovative exhibition properties in the coming years.

India is the second largest giant in textile manufacturing globally. Consequently, the country also offers enormous opportunities to strengthen its position in this booming business. Simultaneously, her neighboring countries in the South East Asia & Middle East are emerging hubs for textile & apparel manufacturing & trade. The already large and further growing textile industry in India & neighboring countries need adequate interaction with the technology providers. The industry quintessentially looks for firsthand experience of latest technological advancements.

Machinery makers are desirous of meeting the growing markets, innovations and developments, exchanging ideas & knowledge with the user industries. Scheduled from 5th-8th December 2019 in Gandhinagar at the outskirts of Ahmedabad, ITMACH India Exhibition is going to be the marketplace to interact with potential new & existing investors from India and neighboring countries.

**14 - 15 - 16 - 17 June, 2019**  
PRAGATI MAIDAN, NEW DELHI

**A COMPLETE FASTENERS EXPO**

**4 to 8 December, 2019**  
THE EXHIBITION CENTRE,  
GANDHINAGAR, GUJARAT, INDIA.

Fasteners are one of the most common elements used in mechanical machine construction and design. They hold everything together.

The Indian industrial fastener market can be segmented into high tensile fasteners and mild steel fasteners. Growing automotive and auto ancillary sector, increasing infrastructure and construction activities, developing heavy engineering industry comprises some of the key factors propelling the industrial fastener market in India.

The market has huge opportunity with an increase in upcoming manufacturing activities in the defense and automotive sector. Indian industrial fastener market is poised to grow over the coming years along with the steady economic growth of the country.

COMFAST 2019 shall be held at The Exhibition Centre, Gandhinagar, Gujarat concurrently with the 14<sup>th</sup> edition of ENGIMACH which is Asia's leading exhibition on engineering, machinery, material handling and machine tools. It is an ideal platform for business stalwarts, policy makers, industrial experts, enterprising youth and skilled professionals to engage interactively at a niche platform that will feature path breaking innovations in the machine tools and concurrent engineering trends globally.

**AUTOCLUSTER EXHIBITION CENTRE,  
CHINCHWAD, PUNE.**

Pune Machine Tools Show 2020 is an exclusive showcase of engineering, machine tools, automation & automotive technology. PMTS is an endeavour designed to present the entire spectrum of developments in the machine tools sector.

Spread over three days, the show promises to showcase the latest trends and technologies available in the World Machine Tool Market.

### **Focus Sector - Additive Manufacturing**

While additive manufacturing seems new to many, it has actually been around for several decades. In the right applications, additive manufacturing delivers a perfect trifecta of improved performance, complex geometries and simplified fabrication. As a result, opportunities abound for those who actively embrace additive manufacturing.

#### **Applications**

AM application is limitless. Early use of AM in the form of Rapid Prototyping focused on preproduction visualization models. More recently, AM is being used to fabricate end-use products in aircraft, dental restorations, medical implants, automobiles and even fashion products.

**8<sup>th</sup> RAJKOT  
MACHINE  
TOOLS SHOW**

COMFORGE**

**1 - 2 - 3 - 4 Dec 2020**  
NSIC GROUND, AJI GIDC

The Indian forging industry is an integral part and a major contributor to the manufacturing sector. The Indian forging industry is recognized globally for its technical capabilities. With an installed capacity of around 37.7 lakh tonnes per annum (tpa), Indian forging industry has a capability to forge variety of raw materials like carbon steel, alloy steel, stainless steel, super alloy, titanium and aluminium. The forging industry in India has wide applications in and supports the Automotive, Construction, Mining, Infrastructure, Power, Marine, Railways and Agriculture.

Taking the visionary Make-In-India movement a step beyond with the entire local, national and international players from Forging Industry, COMFORGE is an excellent and one of a kind business podium for networking, presentation and communicating with immensely diverse audiences.

This event aims to showcase products such as plant and equipment for processing prime and raw material, steel making, casting and pouring of non-ferrous metals. COMFORGE also focuses on environment protection equipment, castings, foundry materials, modern combustion devices, waste heat recovery equipment, components, ancillary equipment, foundry technology and many more such domains.

# MANAGING

## INDIA'S LEADING TRADE PLATFORMS

Experience is the key to attain excellence. For the last one and half decade KDCL has gained enormous experience by organising & managing successful large scale Events.

Vibrant Gujarat, the most prestigious event organised by Government of Gujarat. For Vibrant Gujarat 2013 - Trade Show - The largest multi dimensional trade show of India, KDCL was given a mammoth task to scale up the trade show from 15,000 sq mtr previously to 100,000 sq mtr. The biggest challenge was to build temporary world class trade-show facilities in just a few months. The other challenges were to market and manage the show. KDCL achieved remarkable results in all domains and KDCL has earned massive success by making VGGTS-2013 a success story. The company was able to successfully manage this feat only because of its extensive experience in the exhibition industry.

KDCL also partnered with the Government of Gujarat for Vibrant Gujarat 2015.

The company was also a proud partner with Government of Chhattisgarh to host a major global investor summit and exhibition- "CRÉDIBLE CHHATISGARH" to showcase and attract domestic and overseas capital investment.

### Key Strengths

- Qualified and experienced staff of over 150 individuals enables us to be India's best exhibitions and trade fairs and global summits organizing & management company.
- Experienced in handling projects from concept to execution, we have a record of creating brand names in industrial exhibitions.
- The company's marketing team ensures that the exhibitions are attended by top decision makers and buyers.
- A successful record of handling exhibition setups ranging from 10,000 sq. mtrs to 100,000 sq. mtrs
- Alliances with industry's best vendors and associates ensures that all the exhibitions are carried out with robust infrastructure and facilities.

## Gujarat The Growth Engine of the Economy

**GUJARAT 2019  
GLOBAL TRADE SHOW**

**18 - 22 JANUARY 2019**

**THE EXHIBITION CENTRE,  
GANDHINAGAR, GUJARAT**

The Vibrant Gujarat Global Trade Summit and Show are examples of a visionary approach of the Government of Gujarat towards inclusive and sustainable development. The ninth edition of the Summit provided enormous prospects to the State to display and foster its strengths, progressive stand, initiatives taken to improve E-Governance & its investor friendly climate.

The Trade Show over the years has become a significant platform for companies to exhibit their products, services and showcase their success stories to delegates from across the globe.

### Major Highlights of Vibrant Gujarat Global Trade Show

- The Vibrant Gujarat Global Trade Show 2019 was transformational and revolutionary - both in its coverage and scale. It took place at a completely new State-of-the-art Convention centre admeasuring 18 domes and showcased nearly 25 sectors
- The 9<sup>th</sup> Vibrant Gujarat Global Trade Show - 2019 was organized at the Exhibition Centre, Near Mahatma Mandir, Gandhinagar, Gujarat from 18<sup>th</sup> to 22<sup>nd</sup> January, 2019 on a scale of 2,00,000 Sq. Mtrs
- The visitor profile included Honourable Ministers of various countries, embassy delegations & diplomats, cabinet ministers, state ministers, civil officers, M.D.s & CEOs of companies, senior representatives from media and lakhs of business visitors from across the globe.
- A replica of Statue of Unity, Bullet Train simulator, Farm-to-Fashion Pavilion and Fashion Show with a focus on 'Make in India' and Khadi were some of the attractions at the Trade Show.
- For the first time, the government organised a buyer-seller and reverse buyer-seller meet as part of the trade show, where manufacturers, mainly from the MSME sector displayed their products. A Vendor Development Programme was organized to build stronger synergies between MSME and Large Scale Enterprises including PSUs

- One of the highlights of the trade show was the 'Africa Pavilion' showcasing products from the African countries. In an effort to further deepen India-Africa trade ties, 'Africa Day' was celebrated on Jan 19.

## DEVELOPING STATE-OF-THE-ART INFRASTRUCTURE

- Exhibitions & conventions, as a medium, are one of the most effective ways of showcasing new products and services and giving the participating organizations a high ROI. Companies also get a chance to get up-to-date on the latest developments within their industry and examine current market trends. A large number of consumers also get to see the latest technological developments through such arrangements. Gujarat's efforts on bringing inclusive growth to the people and giving Indian industry a state-of-the-art platform is the primary source of inspiration for building a world-class exhibition centre.
- KDCL has built the most modern, convenient & state-of-the-art exhibition centre with an area of **102,000 sq. mtrs** spread over **45 acres**. It has **15 exhibition halls**. This exhibition and convention center has been operational since 2014.
- By achieving this milestone KDCL will be the only company in India with extensive services offering in all domains of the exhibition & trade-show industry.

### Key Strengths

- In-depth exhibition industry knowledge to plan right solutions and infrastructure.
- Implementation of ultramodern technology which translates into having the capacity of building large scale infrastructure in a short span of time.
- Capable of organizing, managing and promoting investor summits, trade fairs and exhibitions.
- Ability to build and transport large scale movable structures to set up exhibitions in any part of the world.
