SMART EDUCATION EXPO

Smart ED Expo is an educational brand designed by Digital Education Institute of Institute for Information Industry (III), it attracts over 200 overseas delegates from 21 countries and with a total of 5,770 visitors.

SHE TAIPEI

2019 SHE brings together over 100 medical professionals from Southeast-Asia, and also attracts over 85% of Taiwan hospitals and nearly 12,000 visitors from Taiwan and global buyers in healthcare industry.

IBE Taipei

The 2nd Intelligent Building Expo has provided the opportunity to get in contact with local and international buyers, giving them a more in-depth understanding on the concept and solutions in building industry.

ITS Expo

The debut of ITS Expo came with the Transportation Policy Pavilion with 8 companies to showcase the latest smart transportation solutions in logistics, bus stations, and vehicles.

SCSE has become the world's largest hub of experience-sharing and solutions platform for the Smart City industry. The scale this year has hit its record high in terms of the number of exhibitors, booths, and overseas city delegations, buyers and visitors.

Connections create opportunities. Beyond all inspiring conferences and idea-sharing, another indispensable element of the Smart City Summit & Expo (SCSE) has always been the diversity of opportunities for both private and public sectors. The 2019 SCSE featured in the networking programs for both business and governments.

2020 Smart City Summit & Expo

- Enlarge the scale of World System Integrator Conference
- New showcases of 5G application on smart city
- Expanding the AI 50 campaign
- Potential new themes in the show: FinTech, Smart Water Expo, Place-making
- 15% growth in the number of overseas visitors
