

Biogas PowerON 2020

European Conference On Biogas & Biogas Upgrading

22-23 September 2020, Copenhagen, Denmark

After the successful 2019 edition this year summit will take place on the 22nd and 23rd September in Copenhagen, Denmark. The event will bring together specialists from Biogas and P2Gas industries for two interactive days of networking, lectures and discussions.

The conference will set context for operator-driven technical presentations to deliver real value and actual case studies. Participating the event will give a chance to update on changes in global regulations as well as in regional policy considerations and requirements. Fortes Media PowerON Gas 2020 attracts most knowledgeable experts and solution providers from the entire value chain to discuss about commercial strategies for future biogas and renewable energy integration. [2019 edition summary](#)

Key topics

- European regulations and policies
- Data overview on Nordic and European markets development
- Financing and investing strategies
- Market development in a global perspective
- Case studies from biogas and P2G industries
- Latest technological and material trends
