BIO Asia–Taiwan 2020: A Must-attend Event!

From BIO Asia–Taiwan 2019:

- Stay ahead of the latest global trends in technology and investment
- Network with industry notables, corporate executives and KOL
- Discover opportunities in one of the most underexplored and fastest growing bio-economy regions – Taiwan

In 2019, BIO Asia-Taiwan successfully brought together cutting-edge innovators and investors from across Asia, North America and Europe to Taiwan to explore business opportunities in the region's emerging biotech sector. Returning again in 2020, BIO Asia-Taiwan promises to be bigger, better and more relevant than ever, a must-attend event on your calendar!

Co-organized by the global Biotechnology Innovation Organization (BIO) and the Taiwan Bio Industry Organization (Taiwan BIO), the BIO Asia-Taiwan 2020 Conference and Exhibition will be held July 22-26 in Taipei, Taiwan. A week-long festival of biotech-themed conferences, meetings, company presentations and partnering, BIO Asia-Taiwan is poised to become Asia's most important gathering of the biotechnology community. Join 1,500 participants from 25 countries at the three-day conference for sessions on breakthrough innovations, game-changing technologies, investment landscape, regional and global collaborations, and more. Participate in BIO One-on-One Partnering™ to discover business opportunities from one of the most under-explored biotechnology locations, and take in the latest products, technologies and services from more than 600 companies at the four-day exhibition.

Testimonials

Josh Berlin

Executive Director, New Ventures, BioCentury Inc., USA

Congrats on a great event! It had been three years since I last attended, and I thought this year was a major step up. The addition of BIO's partnering system was a big improvement. And I thought the mix of attendees this year was more international and also senior-level.

Jeff Karp

Professor of Medicine, Harvard Medical School & MIT Brigham and Women's Hospital, USA

Huge congratulations on a wonderful event! I thoroughly enjoyed the meeting which was very well organized and filled with useful and up to date content - with many of the best minds in the industry attending. Bravo!!!

Will Liu

Partner, Eight Roads Ventures, USA

It is exciting to see how BioTaiwan has transformed into a truly international conference and partnering event.

Kobi Inbar

Head of eHealth Ventures Physician-Entrepreneurs Acceleration Program, Israel

I was happy to share my knowledge and experience with colleagues from all over the world, but much more than this, I had the opportunity to learn a lot, meet new key people and leaders of the industry from that part of the world and initiate new relationships.

Tim Lu

CEO/Co-Founder, Senti Biosciences and Associate Professor, MIT, USA

BIO Asia-Taiwan was well-organized and productive for meeting collaborators and investors from around Asia and beyond.

P.M. Murali

Chairman, Jananom Private Limited, India

It was an absolute pleasure being in your conference and convention. What a FANTASTIC arrangement.
